Identifying Individual Values
Identifying Individual Values
Activity Two

Exploring Shared Values

Exploring Shared Values
What unresolved conflicts or problematic patterns need to be addressed before we can move forward constructively?

What specific and intentional behavior do we want to encourage (or discourage)?

How do you want to feel when we’re working together?

What unresolved conflicts or problematic patterns need to be addressed before we can move forward constructively?

What issue have you not felt heard about so far?

What will we do (or not do) when we disagree or aren’t aligned?

What other conversations do we need or want to have?

How will we do (or not do) when we disagree or aren’t aligned?

What makes us feel proud of our partnership?

What qualities do we wish were more present in the group? What dynamics might interfere with these qualities?

What do you most want others to understand?

If disagreement distances us, what will we do to come back together?

What makes us feel proud of our partnership?

What qualities do we wish were more present in the group? What dynamics might interfere with these qualities?

What do you most want others to understand?
Activity Two

Exploring Shared Values
How will we document these agreements?

How will we make sure new teammates or teammates who aren't present can contribute and feel included?

When and how often will we review our alliance and update as needed?
